## FORECAST OF SENATE.

Measures to Be Considered Before the Recess.

### SEVERAL OF VITAL IMPORT.

Senator Platt of Connecticut Replies to Senator Vest's Strictures on Expansion—Treaty of Peace Will Be Ratified Without Delay.

Washington, Dec. 19.—The week in the senate was opened with a speech by Senator Platt of Connecticut on the question of expansion.

He replied to the speech of Senator Vest made last Monday, and as he has given very careful attention to the extension of our territorial area no little interest was manifested among senators in his presentation of the matter.

It is hoped that the treaty of peace will be taken up for discussion early in January. Already there is talk of the probability of disposing of the treaty during the present session, and the impression favorable to this result is growing. A few senators manifest a disposition to debate the treaty at length, and some profess unalterable opposition, but the feeling is so strong against an extra session and in favor of the postponement of the settlement of the disposition of the Philippines after they come into our possession, that it now seems that even the minority will consent to the treaty's ratification without material delay.

Senator Morgan said that he meant to press the Nicaragua canal bill as vigorously as possible, and he expressed the hope that he might get a vote before next Wednesday, the probable date of the Christmas adjournment. The indications are, however, against such an early disposal of the subject, and it may be accepted as quite certain that even if Senator Tupper's motion for postponement till Jan. 10 should not prevail, the bill will naturally be thrown over beyond the holidays.

The bill concerning the registry of foreign-built vessels wrecked on the American coast is still on the calendar as a special order, and Senator Elkins will probably make another effort to secure consideration before recess. Senator Culom has also expressed a desire to get up the anti-scalping bill. Both these measures will be antagonized and most probably thrown over to January.

### Holiday Recess.

Washington, Dec. 19.—The holiday recess, by the terms of the resolution reported by the ways and means committee of the house, is to begin Thursday and extend until Wednesday, Jan. 4. It is likely, however, that the resolution will be amended so as to make the recess Wednesday instead of Thursday. The appropriation bills are farther advanced now than they have been for many years at the short session.

### Garcia's Son Arrives.

New York, Dec. 19.—Colonel Carlos Garcia, eldest son of the late General Garcia, arrived here on the Ward line steamer Santiago. He was greeted at the pier by a number of Cubans. Colonel Garcia was in command of a division of the army in Santiago province at the time of his father's death. He will stay in this city for a day or two and will then go to Washington and later to Thomasville, Ga., to visit his mother. "My father's death," said he, has been a great blow. I do not know what my plans are while in this country.

### Hugged Another's Wife.

Savannah, Dec. 19.—Prominent citizens have interested themselves in behalf of Moore, the Maine artilleryman, who was sentenced to pay a fine of \$500 or serve 60 days on the chain gang for attempting on the streets to hug the wife of a prominent citizen. A petition to the governor for pardon is being circulated, and it is being signed not only by leading men but by society women as well. Moore was hilariously intoxicated at the time of his offense. He is now in the chain gang.

### Rod Mill Workers.

Cleveland, Dec. 19.—The executive committee of the grand lodge of the Rod Mill Workers' association met here and accepted the resignation of Frank Pierce as president. Edward May of this city was elected to the vacancy and Fred F. Fredericks of New-castle, Pa., was chosen first vice president to succeed May, who was promoted. It was also decided to change the date of the annual meeting from the second Saturday of January to the third Saturday of June.

### Fatally Burned.

Henderson, Ky., Dec. 19.—Elva, the 4-year-old daughter of John Leaf of Audobon, was burned to death. Her dress caught fire from the grate.

## CONTROVERSY ENDED

Withdrawal of the Bill Relative to Hawaiian Commerce.

Washington, Dec. 19.—When the house met Mr. Payne (N. Y.) called up the bill extending the laws of the United States relating to commerce, navigation and merchant seamen to the Hawaiian islands.

Mr. McRae sought to have the bill amended so as to also extend to Hawaii the provisions of the act of Feb. 26, 1885, prohibiting the importation of contract labor, but Mr. Payne moved the previous question. This motion was lost, and Mr. McRae then introduced his amendment. He asserted his conviction that the law concerning contract was just as important to the islanders as any other.

Mr. Payne then made the point that the amendment was not germane, and was sustained by the chair. Mr. McRae appealed from the decision, and Mr. Payne moved to lay the appeal on the table. This motion prevailed, 65 to 44. Mr. McRae then asked for the ayes and noes, and Mr. Payne rather than prolong the controversy withdrew the bill.

The house then went into committee of the whole on Indian appropriation bill.

### Assets of a Pittsburgh Bank.

Washington, Dec. 19.—Mr. John W. McDonald, the personal representative of the comptroller, has returned with the report of the committee appointed to appraise the assets and examine the condition of the German National bank of Pittsburgh. The report shows as follows: "Leaving out the building, carried at \$429,000, slow paper, perhaps largely good, \$54,000, and the entire Grootzinger indebtedness of \$243,000, the absolutely cash and speedily available assets lack \$415,000 of enough to pay all liabilities, which amount to \$1,662,093. The directors believe that if the bank can be reopened they can arrange to take the building for \$400,000 cash."

### Mr. Leiter's Gift.

London, Dec. 19.—It is announced that Mr. L. Z. Leiter of Chicago, the father-in-law of Lord Curzon of Kedleston, the new viceroy of India, paid for the Indian outfit of Lord and Lady Curzon, who started for India under the happiest auspices and after a splendid send-off from their friends. Lady Curzon enters upon her duties as vicerine with a trousseau of unprecedented magnificence, while Mr. Leiter presented Lord Curzon with three official durbar (conference) cloaks of the finest velvet and gold, in pale blue, ruby and white, each with the star of India in gold and diamonds.

### Secured Only a Small Sum.

Chester, Pa., Dec. 19.—Five men entered the Seaboard Oil works, shot the watchman, Joseph Mitchell, in the leg, bound his hands and feet and blindfolded him. They blew open the safe in the office. Taking the contents of the safe the men then made their escape. The robbers obtained less than \$100. A large amount of money was received at the works for the payment of the weekly wages of the employees, but this fund was placed in a local bank for safe-keeping. It is supposed the robbers expected to find this money.

### Going to Porto Rico.

New York, Dec. 19.—The American Missionary association has appointed one of its secretaries, the Rev. A. F. Beard, D. D., and Hon. Lucien M. Warren of Bridgeport, Conn., as a special delegation to visit Porto Rico and investigate concerning the initiation of religious work there in behalf of the association, which represents the Congregational churches of the United States.

### In a Collision.

Newcastle-on-Tyne, England, Dec. 19.—The British steamer Pierrmont, which arrived here on Dec. 8, and subsequently sailed for the Mediterranean, has been in collision with the British steamer Illos. The collision took place in the North sea under conditions not explained. The Illos foundered and the Pierrmont was badly damaged. It is believed that 20 persons were drowned.

Savannah, Dec. 19.—Nearly the whole of the business part of the town of Tifton, in the center of the peach belt, was burned. An oil lamp in a boarding house exploded. The Masonic hall and 10 stores were destroyed and a hotel and a large lumber mill were damaged.

### Carlist Editor Jailed.

Madrid, Dec. 19.—The editor of a Carlist newspaper published in this city has been arrested at Leon, capital of the northern province of that name, while in the course of a tour through that part of the kingdom. Important documents were found on his person.

### Condition of Bank of Spain.

Madrid, Dec. 19.—The Bank of Spain report for the week shows: Gold in hand unchanged; silver in hand, increase 7,235,000 pesetas; notes in circulation decreased 10,520,000 pesetas.

## RESCUED IN MID OCEAN!

After Desperate Efforts on Part of Heroic Jack Tars.

### THRILLING TIME OF A CREW.

Shipwrecked by a Furious Gale, For Four Days a Dangerous Sea Thwarted All Attempts at Rescue by a Passing Ship.

New York, Dec. 19.—The British steamer Pawnee, which arrived from Mediterranean ports, brought 10 shipwrecked people, eight men and two women, who were taken from the disabled schooner Deer Hill of St. John, N. B., in midocean.

Captain Alkenhead reported that on the morning of Dec. 8 he sighted the Deer Hill in evident distress and needing assistance. A heavy northwest gale was blowing and a dangerous sea running. The schooner was seemingly unmanageable, and the rudder disabled or carried away. The Pawnee staid by and succeeded in getting a tow line aboard, which had sent by drifting a small line to leeward. The line parted, however, and a boat was launched in charge of the chief officer and sent to communicate with the Deer Hill. The boat had nearly succeeded in boarding the wreck when an enormous sea struck and stove it, and after great difficulty the boat crew succeeded in getting on board the schooner, where they were obliged to remain all night.

On the following morning the weather had slightly moderated, a tow line was sent on board and the Pawnee towed the Deer Hill toward Bermuda. After towing about six hours the line again parted. Finding that the wind and sea was increasing when the line parted, it was found impossible to get out another. The captain of the Deer Hill signalled that he wished to abandon the wreck and requested the Pawnee to stand by.

The gale continued for three days, the Pawnee keeping her position near the wreck, but found it impossible to use the boats to remove the unfortunate people of the Deer Hill owing to the dangerous character of the seas. Finally on the evening of the 12th the rescue was effected and the Deer Hill was abandoned.

### Both Were Killed.

Athens, Mich., Dec. 19.—A Michigan Central passenger train collided with a carriage crossing the track at Brown's siding containing Mr. and Mrs. Guy Churchill, a recently married young couple. The young man was instantly killed, his head being completely severed from his body and found some distance away. Mrs. Churchill received a fatal wound on the right side of her head, which caused death two hours later.

### Both Burned to Death.

Morgantown, W. Va., Dec. 19.—Thomas Jones, living near Greer, attempted to light a fire with crude oil. An explosion occurred, wrecking the room, and the dresses of his twin daughters, aged six years, ignited. He was too badly burned to assist them and they were so badly burned that both of them died shortly afterward.

### Only Idle Talk.

London, Dec. 19.—The question was recently broached of placing a statue of Washington in Westminster abbey. Dean Bradley now announces that no such proposal has yet been submitted to the authorities, and he is of the opinion that it is impossible for the matter to be officially entertained.

### Movements of McKinley.

Savannah, Dec. 19.—Notwithstanding this was supposed to be a day of rest with the presidential party, it was, as a matter of fact, filled with interest and activity. President McKinley attended church at the Wesleyan Memorial Methodist church. The presidential party left for Macon.

### Engineer Drops Off.

Lima, O., Dec. 19.—Jake Larue, the oldest passenger engineer in point of service on the Cincinnati, Hamilton and Dayton railroad, dropped dead here. His home is in Dayton and he was taken there by a committee of engineers and firemen.

### Sold by the Sheriff.

### Volunteers in Cuba.

Havana, Dec. 19.—The One Hundred and Sixty-first Indiana battalion and the Second Illinois regiment marched to Quiesmados from here. There were two bands of music and 1,600 men in the detachment. They make a fine display and aroused considerable enthusiasm. The American garrison now amounts to 5,000 men.

## PRESIDENT GOMPERS

Declares Emphatically Against Infusing Socialism into Trade Unionism.

Kansas City, Dec. 19.—A forlorn hope was never bolstered up by more matchless eloquence than the Socialists among the delegates to the American Federation of Labor put forth in behalf of the principles which they believe offer the true relief from grinding industrial conditions and the oppression of capital. The federation is opposed to committing itself to the endorsement of any political party, and has voted in each annual convention to this effect. Democrats and Republicans have given up their efforts for their theories of government, but the Socialists have not. While the speech making was at its height, Mr. Gompers took a hand and denounced the efforts of the Socialists to infuse their doctrines into that of trades unionism. He said: "This question involves the integrity of the labor movement of our country. Either the trade union movement is right or it is wrong. We must either declare for the union movement, without frills or follies, or make an admission that it is wrong."

### Big Demand For Locomotives.

Philadelphia, Dec. 19.—The Baldwin locomotive works has within the last few days received orders for 56 locomotives, of which 16 are for the Imperial railway of China, making the second order received from that country within 10 months. A contract with the Reading Railway company calls for 25 freight engines and five switching engines of the heaviest type ever operated on the system. They are to be specially adapted for use in the subway. The Chicago and Western has also ordered 10 large freight engines, while numerous small orders have been received from railroads all over the country.

### Charged With an Awful Crime.

Chicago, Dec. 19.—Michael Emil Rollinger, a native of Austria, is under arrest charged with the murder of his wife, Theresa. The charred body of Mrs. Rollinger was found Friday night in a clothes closet of her home, and her death was at first supposed to be the result of an accident. The police now claim they have sufficient evidence to prove that Rollinger strangled his wife, poured kerosene over the body and set fire to it. Mrs. Rollinger owned some property in Austria and also carried \$500 life insurance.

### Woes of the Black Race.

Chicago, Dec. 19.—W. E. Henderson, the negro lawyer, who with his wife and five children were driven out of Wilmington, N. C., by the recent riots there, told the story of the uprising at the First Methodist church. At the close of the meeting the Rev. Jenkin Lloyd Jones presented a set of resolutions, which were adopted unanimously, deprecating discrimination in trade, politics or religion on account of the color line in the north or south. A copy of the resolution will be sent to President McKinley.

### With Medical Supplies.

Savannah, Dec. 19.—The hospital ship Missouri sailed for Havana with 300 tons of medical supplies for the troops in the island, and carrying the hospital corps of the Second division of the Seventh army corps—the division which has already gone forward with General Lee. The Missouri, after distributing her supplies, will take sick soldiers from Havana and vicinity and bring them to this country, either to New York, Norfolk or Savannah.

### Monument to Russian Soldiers.

Constantinople, Dec. 19.—The Russian Grand Duke Nicholas unveiled at Galatana, near San Stefano, where on March 3, 1878, was signed the treaty of peace that terminated the Russo-Turkish war, a monument to the Russian soldiers who fell in that conflict. The unveiling was accompanied with much ceremony and a military parade, at which representatives of all the Balkan states were present.

### Spaniards Reach Home.

Madrid, Dec. 19.—Senor Montero Rios and the other members of the Spanish peace commission reached Madrid and were met by Senor Gamazo, the leader of the dissenting Liberals, and by many other politicians and high officials. Their arrival was not attended with special incident. The queen regent received Senor Montero Rios in audience.

### Dr. Abbott's Resignation.

New York, Dec. 19.—At a business meeting of the members of the Plymouth church, Brooklyn, the report of the advisory committee, recommending acceptance of the resignation of Rev. Dr. Lyman Abbott as pastor, was adopted with a few dissenting votes.

Madrid, Dec. 19.—The newspapers assert that council of ministers agreed that the cabinet should not appear again before parliament, and it is believed that Senor Sagasta will submit the resignation of the cabinet to the queen regent after the council.

## CARS LEFT THE TRACK

Spreading Rails Cause a Serious Railway Wreck.

### MOST MIRACULOUS ESCAPE.

Coaches Go Bumping at Full Speed Over the Ties of a High Trestle—One Killed and Eight or Ten Seriously Injured.

Indianapolis, Dec. 19.—A wreck occurred on the Indiana, Decatur and Southwestern railroad 52 miles west of Indianapolis, near Gulon Station.

The Indianapolis express, eastbound, left the tracks west of a high trestle and passed over the trestle, which was 60 feet long, with seven coaches off the rails and bumping along the ties. The trestle was 50 feet high, and it is considered phenomenal that the train was not hurled off into the creek, in which event the slaughter of life would have been awful. One man was killed, eight or 10 injured. The wreck was caused by spreading rails.

### A Remarkable Feat.

Milwaukee, Dec. 19.—A remarkable feat of bridge moving was accomplished here. The bridge was a single track draw weighing 215 tons, and was removed a distance of 250 feet to a new foundation in the quick time of 2 hours and 57 minutes. The structure was floated on two scows, one on either side of the center, which were sunk with 90,000 gallons of water. With the scows in proper position the water was pumped out and the bridge gradually lifted from its foundation and towed to its new resting place by two tugs.

### Coasting Calamity.

Pittsburg, Dec. 19.—As a result of a coasting accident at Turtle Creek, eight miles from Pittsburg, Joseph West, 20, is dead, and 11 others injured, two seriously. The sled collapsed at the bottom of a steep hill and hurled a party with great force in every direction. The two seriously injured are W. B. Madey, both legs broken, and Joseph Conner, left leg broken and injured badly about the head.

### To Suppress Anarchy.

Rome, Dec. 19.—The international anarchist conference, which has been in session here for several days, has proved a success. Great secrecy is maintained regarding the proceedings and conclusions, but the delegates seem satisfied that they have laid a splendid foundation for a uniform system of dealing with anarchists. The conference declines to recognize anarchist outrages as political crimes.

### Addressed Colored Scholars.

Savannah, Dec. 19.—The feature of the president's day was his visit to the Georgia Agricultural and Mechanical college. This is an institution for colored persons, supported by the state of Georgia. There were no elaborate exercises connected with the visit. The pupils were gathered in the chapel. Mr. McKinley made a neat speech.

### Death of Colonel Woodward.

Lancaster, Pa., Dec. 19.—Colonel Enos Woodward of Philadelphia died at the Styer House, New Holland, aged 67 years. He was captain of company B, First California volunteers, and later colonel of the Forty-fourth regiment, California volunteers. He was a member of Grand Army Post No. 259 of Pittsburg.

### King Oscar a Sick Man.

Copenhagen, Dec. 19.—King Oscar II of Sweden and Norway has been suddenly taken ill and is now confined to his bed. King Oscar, who is the great-grandson of Napoleon's famous general, Bernadotte, was born Jan. 21, 1829, and succeeded to the throne on April 18, 1872, on the death of Charles XV.

### As Bishop of Harrisburg.

## PRAYED IN A COURTROOM.

Petition Didn't Prevent the Jury From Finding an Adverse Verdict.

A ten minute prayer in open court over a horse case attracted considerable attention in Allentown, Pa., recently. Robert F. Thomas had brought suit to recover the part payment he had made on a horse. He bought the animal from Peter German of Heidelberg township for \$80; paid \$50 on him, and the balance, \$30, was to be paid in 60 days. The horse was guaranteed sound. Later Thomas returned the horse and wanted his \$50 back, saying the horse was not as represented; that the animal "knuckled." German denied this and refused to give back the money.

Thomas then brought suit. The case came up before Judge Albright. Thomas took the stand, took the oath, and, before answering the first question as to where he lived, turned to the learned judge and asked whether he could offer prayer. "Certainly," said Judge Albright, with a quiet nod, and while on the witness stand Thomas prayed aloud.

"O Lord, thou who rulest over all and art willing that all shall have justice, we appeal to thee, in this our trouble, to lend ear and give thy presence. Guide us and all of us to tell the truth to this honorable court and to this jury; that I bought that dark bay horse from German for \$80; that German said he was solid and sound; that I paid \$50 on him; that the horse was not solid and sound as represented, and that by right and justice this court and jury should compel German to give me my money back and receive his horse back again, as the horse is now just as I bought him. O Lord, we hold no grudge against German, and we don't want him to have enmity against us, but we want our money back because we are entitled to it. Thou hast said that brethren should dwell together in unity, and it is our desire so to do, but we can't do it if German don't take his horse back and return my \$50. Soften his heart toward us, forgive our enemies, give me a safe deliverance in this trial and bless this good Democratic judge who has just been endorsed by the solid Republican party of Lehigh county."

Thomas went on in his prayer for ten minutes, and at its conclusion the trial gravely proceeded. The jury patiently listened to all the evidence. The parties are farmers near Slatington, Pa., but German deals in horses. The jury brought in a verdict for the defendant and apparently Thomas' prayer had not been answered as he desired, German, the defendant, having shown that the horse was not "knuckled," but was big boned and sound, as represented.

## THE GOEBEL ELECTION LAW.

Syllabus of the Court of Appeals Declaring the Measure Constitutional—Opinion by Chief Justice Lewis.

In declaring the muchly abused Goebel election law constitutional the Court of Appeals says:

First—Though Section 51 of the Constitution relates to the form or manner of the enactment of laws, rather than to their subject matter, it was intended, and should be treated, as mandatory; but substantial compliance with its requirements is sufficient.

Second—The clause of said section—"but so much thereof as is revised, amended, extended or conferred, shall be re-enacted and published at length"—applies only to so much of the law as, after passage of the new act, remains in force amended, and not to a law, or part of a law, repealed or for which a substitute is adopted.

Third—The act under consideration as passed and published, being full and specific enough as to all subjects embraced by it to show for what parts of the general election law it is substituted, and not capable of being misunderstood by, or of deceiving, the members of the General Assembly or the people as to its purview, purport or effect, such parts of the general law are both in terms and by implication repealed without regard to failure of the new act to make direct reference to any particular section of the general law amended or repealed by it, which is not required to be done, either expressly or impliedly, by Section 51.

Fourth—Whether an election law should contain provision for the selection of election officers of different political parties is necessary or conducive to securing free and equal elections, as guaranteed by the bill of rights, is a question purely of legislative discretion, in view of the silence of the Constitution upon this point, and it is not the province or right of this court to pass judgment thereon.

Fifth—The principle of local self-government is not included in the act, since the duties imposed upon the officers of election and the two boards concern the State Government; nor could this court interfere if it was, in the absence of constitutional inhibition upon legislative discretion in that behalf.

Sixth—The act under consideration does not violate Section 161 of the Constitution, which forbids the compensation of any city, county, town or municipal officer being changed during his term of office. The duties imposed by the general election law upon the various county officers do not, except in virtue of a repealable statute, pertain at all to several offices, and, when by an amendatory statute they are relieved of those duties, their per diem pay ceases, without involving a change of compensation in the meaning of Section 161.

Seventh—Power is expressly given by Sections 93 and 107 of the Constitution to the General Assembly, in its discretion, to create, in addition to the offices mentioned in the Constitution, both State and local offices, to be filled by either election or appointment; and this court, in the absence of express or clearly implied limitation of that power, can not say that it has been exceeded or improperly exercised in the election by that body of the State Board of Election Commissioners, and the appointment by said board of the County Boards as provided by the act.

## BOTH WANTED THE CHILD.

It Was Awarded to the Father—An Echo of the Insko Divorce Case.

PARIS, Ky., Dec. 16.—The abduction case of Mrs. Josie Insko vs. Willis Insko, both of Cincinnati, has been decided by Judge Cantrill, in the Bourbon (Circuit Court, by giving the father possession of the daughter. Four years ago Mrs. Insko obtained a decree of divorce from her husband, Willis Insko, in the Hamilton County Common Pleas Court. The first decree gave the custody of their infant son Andrew to the mother and that of their five-year-old daughter Maxie to the father. A subsequent modified order gave the mother custody of both children. During the time between the first and second decrees the father brought the daughter to his nephew's home, near Paris. On Wednesday Mrs. Insko came to Paris with Attorney Harry Cooper, of Cincinnati, and attempted to secure possession of the child by the habeas corpus proceedings. After having real certified copies of Cincinnati court records and affidavits and oral evidence as to Mrs. Insko's unfitness to have custody of the child, the court dismissed the writ and allowed the father to retain the child. The Inskos formerly resided here.

## CONSUMPTION CURE.

German Scientist's Discovery and Its Successful Application—Cinnamic Acid.

[Berlin Cor. Chicago Record.]

Prof. Landerer, of Stuttgart, has just published his discovery of what he believes to be a cure for tuberculosis in its first stages, together with the results of fifteen years of his special treatment of the disease. His method of treatment calls for subcutaneous and intravenous injections of cinnamic acid and its derivatives, hetol and hetokresol.

The treatment has been abundantly tested in the Karl and Olga Hospital, Stuttgart. His notes show that tuberculosis, taken in its first stages, was invariably cured by the cinnamic acid treatment, with the aid of dietetic and hygienic measures, continued for a period of several months, while in the case of those in whom the disease had advanced to the second stage 70 per cent. were cured. The injected drugs act directly on the diseased tissues, Prof. Landerer says, cicatrizing them and checking tubercular agglomeration. Several specialists on lung diseases whom I have seen to-day express the opinion that the discovery is most important, and well supported by experiment.

### TWENTY-ONE YEARS.

That's the Penalty Fixed By the Jury in the Case of Amos Riggs for the Murder of the Boyds.

The jury in the case of the Commonwealth against Amos Riggs, charged with the murder of W. R. and Mandeville Boyd, finally agreed on a verdict about 3 o'clock Saturday afternoon, after wrestling with the matter for two hours on Friday night and nearly all day Saturday.

The accused was found guilty of voluntary manslaughter, and the penalty fixed at twenty-one years imprisonment in the penitentiary.

At his first trial the jury fixed the penalty at death, but the Court of Appeals reversed that judgment and he was given another hearing, with the result as above.

It is learned the jury stood ten for imprisonment for life and two for twenty-one years, the ten finally agreeing on the latter penalty. As Riggs is about fifty years old, the penalty of twenty-one years is almost equivalent to a life sentence.

The case was vigorously and ably prosecuted by Commonwealth's Attorney Daum, County Attorney O'Donnell and Judge Cole, while the accused's attorneys, Judge Phister and Messrs. Craine and Ely were untiring in their efforts for their client.

### THE LINSS CASE.

The Jury Failed to Agree in a Verdict, and There Will Have to Be Another Trial.

The suit of Charles Linss against the Chesapeake and Ohio Railroad Company for the recovery of \$20,000 damages for the loss of his two daughters at Concord, who were run over and killed by a train while driving over a crossing one night in November, 1896, which was commenced in the United States Circuit Court Friday, was completed Saturday and given to the jury at 2:30 o'clock in the afternoon.

The jury wrestled with the case up to 6 o'clock Saturday night when they reported to Judge Barr that there was no possibility of their ever coming to an agreement, and they were discharged and the case continued.

In a former trial of the case the plaintiff recovered judgment for \$2,000, but a new trial was granted.

The plaintiff was represented by Senator Goebel, of Covington, and Judge Phister, of this city. Messrs. A. M. J. Cochran and W. H. Wadsworth appeared for the company.

Jackson Myers, who had a horse killed on the L. and N. road recently, was promptly awarded the usual half-value remuneration by the generous officials. The animal was appraised at \$50 by an employee of the company.

Mrs. Julia Breeze and Mrs. Lola Swice were among the relatives from this neighborhood who attended the family reunion at the home of Mrs. Rash, near Tollesboro. Eight of the eleven children were in attendance, several grandchildren and a number of friends numbering in all over thirty. The aged lady, who is in failing health, retains her eye-sight and can read without glasses, and was the recipient of many useful presents, among them an elegant chair and foot-stool designed for ease and comfort. Nine large cakes graced the menu, and the elegance of the dinner was attested by the correspondent who was the recipient of a box of the luxuries from the sumptuous table.

Plumvillians had to do without mail Tuesday. Postmaster Outen failed to turn the key, therefore he didn't get any mail "outten" the sack, much to the regret of some of the impatient lovers.

An amusing incident occurred at the church here during the recent protracted meeting. Two of the brothers in the church, not being on speaking terms, got their hands exchanged after services, and one of the men was passing among the crowd with a little hat on the side of his head, unconscious of the fact that it belonged to another, while the other one with a large hat on his head coming down to his eyes, like an abused school-boy, begging someone to exchange hats for him. Finally a good brother took pity on him and made the exchange. One of the ministers remarked that if he had understood the circumstances he would have had them kiss and make friends then and there.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

The tobacco market the past week has not shown much change from the previous week. The bidding has been spirited, but prices have not advanced on old tobacco, though we think the new crop has brought better prices. The brokers are not purchasing, as many of the smaller factories will not be in the market to any extent until after the holidays. The manufacturers' buyers appear to be willing to take the light offerings at about the same prices, but without the competition of the brokers we can expect no permanent advance. There is a strong demand for medium and low grades, but the purchasers of the best grades are not on the market, and, therefore, prices are not satisfactory to the holders of these grades. It is thought by many that as soon as the factories take stock and with the new year they will be liberal bidders for the balance of the old stock on hand.

The receipts of the new crop are increasing, and buyers are purchasing freely. The sales are not confined to any class of buyers, as all are in the market. The bidders have commenced to purchase for redrying purposes, and with the competition of all the buyers prices are very satisfactory to most of the shippers. We can not expect very heavy sales now until after the holidays, when, if the weather permits, we expect large shipments, and with so little old stock on hand we feel confident the demand will insure good prices for tobacco in winter order. Some good new leaf was offered this week which brought from 10c. to 14c., which was fully as good as the shippers could expect at this season of the year. The offerings of the coming week will probably close the year.

A foul breath is one of the greatest afflictions that a man or woman can have. An affliction not only to themselves, but to those with whom they come in contact. A foul breath is a great discourager of affection. It would be probably more so if people only realized just what bad breath means. Bad breath is one of the symptoms of constipation. Some of the other symptoms are sour stomach, loss of appetite, sick and bilious headache, dizziness, heartburn and distress after eating. These things mean indigestion. They lead to dyspepsia and worse things. They all start with constipation, and constipation is inexcusable because it can be cured—easily, quickly and permanently, by the use of Dr. Pierce's Pleasant Pellets. They give to nature just the little help that she needs. There is no case of biliousness, constipation, indigestion, "heartburn," or any of the rest of the night mare breeding brood, that these little "Pellets" will not cure.
